Catalogue

Your established educational furniture supplier

With over 25 years experience working with the Education Authority, you are guaranteed a first class choice of the very best in Educational Furniture all wrapped up in our new Library Shelving in Schools catalogue. We offer a wide choice of robust and affordable furniture that continues to meet your needs.

Our products are fit for purpose, attractive, sturdy and many of the library furniture ranges comply with BS EN 4875 standard for strength and stability.

Try before you buy

Visit our 12,000 square feet showroom and choose furniture items to be delivered to your school for assessment.

Free Planning & Advisory Service

Whether you're furnishing a new building or simply a refurbishment of an existing room, our advice and expertise is there for you. Our friendly and helpful staff will work with you to design the environment which best suits your needs and your budget. This free service includes a site survey and CAD furniture layouts.

Manufacturing Expertise in Belfast

Moffett & Sons has enjoyed an enviable reputation for the highest standards of manufacturing expertise.

Today, quality remains our watchword and, as one of Ireland's leading Educational Furniture manufacturers, we take the vast majority of our products from raw material to finished goods in our extensive factory in Belfast. We manufacture loose, fitted and bespoke furniture which complies fully with all Educational Furniture specifications and standards.

Delivery time

When your order contains products with different delivery times, we will deliver your complete order against the product with the longest delivery time unless you request or we advise differently. However during February, March, June, July and August delivery times may increase (we will advise you). We urge you to order early giving details if you require your order for a specific date. Please also notify us of school opening and closing times during holiday periods and if possible provide a contact telephone number.

Free delivery

All orders are delivered free throughout Northern Ireland. We deliver to all floor levels at no extra charge. Furniture is placed into specified rooms as per CAD drawings. Project managed deliveries are available on request (terms & conditions apply). All items are assembled ready for use.

Your guarantee of satisfaction

The modern teaching environment places heavy demands on furniture and fittings, so we build quality and durability into everything we produce. Everything you buy from Moffett & Sons is guaranteed against defective materials and workmanship for one year after purchase, subject to normal wear and tear, and many items for longer.

Environment

Moffett & Sons care about the environment and recognise that we have a responsibility to consider all aspects of our manufacturing processes and the impact these have upon it.

We are committed to continually improving the ways in which we can minimise these effects including the reduction of pollution and waste in all areas of our manufacturing processes.

We measure and assess our efforts through our ISO14001 Environmental Management System by setting clear objectives for improvement and a management program to achieve them, with regular reviews for continual improvement.

All of this combined with our efforts to further reduce carbon emissions via our own transportation and numerous recycling initiatives are part of our ongoing commitment of working towards a more sustainable and greener future.

The waste that is produced, not only from our manufacturing process, but also our packaging and administration areas of the business is segregated and collected from where it is produced. It is then taken to our recycling department for bailing, prior to collection by a waste management company who then manage the appropriate recycling of all products.

These include:

- **Board Off Cuts**

We optimise our cutting programmes to minimise board off cuts.

- **Sawdust**

This comes from the cutting and drilling we do during the manufacturing process.

- **Cardboard and Paper**

From the packaging of our standard and Bespoke range of products and also the paper used within the administration process.

- **Metal**

All the metal waste coming from the manufacturing process is recycled.

- **IT Equipment**

Even when our IT Equipment is replaced and updated, nothing is thrown away. This is collated and sent for recycling.

If you have any questions you would like to ask regarding our recycling or environmental policies, please don't hesitate in contacting us on 02890 301411.

Accreditations

BS EN ISO 9001:2015 Quality Management System

In 2013 we achieved certification to BS EN ISO 9001 Quality Management System (QMS), which is the International standard for Quality Management Systems. It provides us with a set of principles that ensure a common sense approach to the management of our business activities to consistently achieve customer satisfaction and we are regularly audited to ensure strict compliance with these standards.

BS ISO 45001:2018 Occupational Health and Safety Management System (OH&S)

In 2020 we achieved certification to the new BS ISO 45001 standard as part of our risk management strategy to meet and address increasingly stringent legislation. The management system is designed to demonstrate achievement of our performance in controlling our OH&S risks, consistent with our policy, procedures and objectives. We are regularly audited to ensure strict compliance with these standards.

BS EN ISO 14001:2015 Environmental Management System

In 2013 we achieved certification to BS EN ISO 14001. This is an international management standard and demonstrates our business policy commitment to meet its legal and regulatory requirements. It also takes account of any geographical, cultural and social conditions affecting the wider community and we are regularly audited to ensure strict compliance with these standards and continuous environmental improvement.
